3. Review of Field Reassignment Questionnaire

The Field Reassignment Questionnaire of [redacted] 25X1
[redacted] currently assigned to [redacted] was reviewed by the 25X1A6A
Executive Secretary. Mr. [redacted] stated his preference for Headquarters
duty and his supervisor concurred in such an assignment. However, in
reviewing this Questionnaire, C/OD recommended [redacted] be considered 25X1A9A
for another overseas assignment on completion of his current tour. The
Executive Secretary stated that, while it would be possible to place the
Subject at another overseas post, such an assignment would defer foreign
duty for the newer technicians, and he requested guidance in this matter.
DC/MS stated he felt, in view of [redacted] health condition and 25X1A9A
certain comments received regarding his performance while overseas, he
should be returned for a Headquarters tour. C/OD believed [redacted] 25X1A9A
background and experience indicated his preference for foreign duty.
This discussion will be taken into consideration when [redacted] 25X1A9A
future assignment is discussed by the Board.
